Dear Mr. Allison -

About that

12-30 engagement on
Wednesday. I am meeting
Mrs. MacMahon for our
first conference and in
reflection, I think it better that
we "leave it out" together
first, and then we can come
over to the theater and see
you, & explain how we
are planning to work
things out. Then, perhaps
you will oblige me by
coming over to meet Mr.
Powers & put him

Through a third degree! He is
very busy & hard to get
hold of but is often at
his office at 6 p.m.

I'm anxious to have this
matter handled right — on
the square — so far, Mr.
Posner has been very frank
with me, & I like him —
but he has to be prodded.

Hoping to see you on
Wednesday evening.
Fraternally
